Submission: Objection

Comments: This monstrosity will take up too much room and the design does not fit in with the quaint little village of Hadfield. It's very bleak and industrial looking. Not to mention the people it's near will have a poor quality of living with this near them. With harmful effects to the residents, as soon as people start getting poorly near it I can see some serious compensation coming from whoever install them. The noise pollution that this will cause to nearby residents is a serious matter also. I strongly object to this being built anywhere in Hadfield!
