Submission: Objection

Comments: The square is the only heritage site in Hadfield with some of the buildings going back to the 1600s. There are old farms, cotton weaver's cottages and the Old Hall was built by Mister Hadfield himself! There is a place for 'the future', but it should not be at the expense of the past.

The fact that it is a conservation area valued by locals, and this tower is not in keeping with the surroundings is a valid reason for why this submission should be declined.
