Dear Sir/Madam.

Application No. HPK/2022/0501
Great Shawma Ltd
12 High Street East.
Retrospective Listed Planning Consent.

I have considered this application, and as a Listed Building owner neighbouring this property I would like to object to this application.

It is painted bright yellow and is not within keeping to the other Listed Buildings on the row.

Some years ago this property (owner or tenant) received a large grant from the Council to return the frontage to it's former design. The signage has now been placed over the canopy so that it cannot be used and it may have received some damage.

If this application is granted it will encourage other Listed properties to do the same, which would spoil the Council's aim to protect the heritage of our Listed Buildings.

Yours sincerely,

May Hirst.
