Comments: In respect to the use of the land adjacent to Newfield Garage in the 2 and a half years I have lived at my current address it has been observed that the land has been increasingly used. Whilst in itself this is not a problem the bright lights that go on at night are a source of irritation and light pollution in an otherwise rural location. Should legality of use be passed I feel that the unwanted nighttime light pollution should be addressed to the satisfaction of local residents affected.
