Submission: Objection

Comments: As a local resident and somebody whose family regularly uses the square, I have deep concerns about the impact of the proposed mast on the preservation of this much loved heritage site. As the planning committee should be aware, Old Hall Square is within a conservation area, one which is valued by local residents and is a significant part of Hadfield's cultural and historical heritage (it's a key feature in the Hadfield and Padfield Heritage Trail). A mast of this structure and size will leave an indelible and negative impact on the look and feel of this key part of Hadfield's history. It will not just impact residents living on the square, but all who use this beautiful space, including visitors to our historic village.
