Submission: Objection

Comments: 5 Spring Bank, Hadfield

My first objection is no notice of the planning application has been posted on any lamppost in the area as should be the proper procedure. I only found out late through word of mouth. My main objection is that the proposed very ugly futuristic pole and boxes are intended to be placed on an historic area of Hadfield with beautiful and important listed buildings. The heritage square also contains beautiful moorland panoramic views, within a conservation area, and is a much loved old part of the town, that contributes critically to the sense of "place" that Hadfield enjoys. (NPPF Para 190 d) Further updates to NPPF now under consultation regarding "place" and "beauty" are likely to add further significant planning weight to this consideration. The NPPF text regarding conservation as regards "place" is a very relevant consideration, so clearly there are outstanding matters for the authority to determine here. It is appropriate to point out this is public land with in the development management jurisdiction of the LPA High Peak Borough with highway matters being the responsibility of Derbyshire County Council. With this in mind it should be noted: The proposal is detrimental to a "place" defining area for the village of Hadfield and therefore against the NPPF guidance reinforced by general guidance regarding heritage protection within the adopted High Peak local plan of 2016. It would feel absolutely criminal and heart-breaking to all of us who love our village to see this monstrosity erected here,

Yours sincerely

Fleur Mellor
