Submission: Objection

Comments: I am concern that granting the application Reference No. HPK/2023/0020 Certificate of Lawfulness to grant that no planning permission is required to proceed with the proposed Orangery (Application Reference No.: HPK/2022/0434) to the rear of No.3 property would result in no planning restrictions to the proposed Orangery to protect my rights of overlook and loss of privacy.

As previously commented against application Reference No.: HPK/2022/0434

The planning application would result in overlook and loss of privacy to the back of number 5's property. Our garden and conservatory sit lower than number 3s property and the side windows would be looking directly into our garden and property. We would request that either a permanent 6ft privacy wall be constructed, or the side windows removed. If either a privacy wall was to be constructed or the windows removed, then we would have no issue in removing our objection.
