Submission: Support

Comments: I could not be more supportive of this application, which is absolutely vital for the future of Hayfield Cricket Club, a community hub in the centre of the village. It is incredibly successful and well supported, with the prestige of many players also being selected to play for High Peak and Derbyshire CC. Huge numbers of children take part in coaching. At the moment there are no facilities for the increasing number of girls and women who now play, to change or to shower, which is a Health and Safety issue and the lack of which may be counter to England Cricket Board regulations. The proposal for a small single-story addition to the current pavilion affects no other property, being well below the sight line for the properties on Kinder Road. There are no additional access or planning issues which could possibly cause concern.
