Comments: I think this is needed for the club and community not just to allow the members young/old, male and female to enhance their skills of the game but will also help from a safety position as the nets will allow a safe environment to practise, containing the ball with in the nets but still allowing the opportunity to hit the ball with some gusto. This will make for a safer environment for all to practise together and prevent the balls going astray out of the grounds.

It's already made the area more tidy and great that this area is being used to its full potential.
