Comments: This project is so so important to the cricket club and the local community. It will enable so many boys and girls, ladies and men to benefit, not just through physical exercise but to their mental health also. The current facilities are no longer fit for purpose and are preventing our continually growing number of players from practicing and enjoying cricket.

We now have upwards of 100 junior boys and girls, a ladies team and 3 senior men's teams but no facilities for them to practice. This project means everything to us all and so many have worked so hard to raise the funds to make our dream reality!
