Comments: I live just down the road from Old Glossop Cricket Club's ground. I support the application which will replace their current outdated nets with modern facilities of similar scope, thus allowing them to continue their work. The new location tucked away behind the pavilion/ clubhouse makes a lot of sense.

The club is a valuable local amenity. They are always very welcoming - even if someone just goes up the road to watch them play. Even when they had money to do so, councils and state schools did not support cricket, so this fills a real community need. It is good to see them expanding into women's cricket and offering a range of teams for different ages and abilities.
