Submission: Support

Comments: The design and structure of the extension will carefully blend in with the existing single storey building, which is in Hayfield Conservation Area. It should not cause any problem to other buildings within the vicinity.

We fully support this planning application for improving the existing well used facilities at Hayfield Cricket Club, which is an essential community asset to the village. The addition of designated female changing rooms and shower facilities are much needed and will ensure that the cricket club can continue to provide a sports facility, for all members of the local community, well into the future.
