Comments: This is a family sized house where, currently, there is no parking place available on site but also no safe specific pedestrian access to it from the village. The only approach is by walking on the main A624 Chapel to Glossop road. The plans, put forward, would enable both safe forward access to and from the site in question, with sufficient parking for two cars. This would obviate the need for pedestrian access along the A624 from Hayfield village.

It would appear to be unusual in that 1 Phoside View has had their parking application approved, whilst a similar planning application for No.2 has previously been rejected.

Bearing in mind the above we fully support this planning application to provide safe off road access and parking to 2 Phoside View.
