Submission: Objection

Comments: I object to the proposal on the grounds that the expansion will only exacerbate existing issues for residents who already put up with a number of issues:

1. Illegal and inconsiderate parking which includes blocking footpaths. Often the culprits are the people leading the training sessions within the football ground..they can be seen taking the equipment out of vehicles. The club does nothing to rectify this.

2. Traffic congestion will be worse. It is often difficult to leave my house by car to get into town due to traffic travelling in both directions to the club being unable to safely pass as vehicles are parked bumper to bumper on both sides of the road.

3. The behaviour of some of the academy students who think it's ok to shout and swear when going to and from the ground whether or not there are children in the vicinity.

4. Litter. Increasing the facilities is going to bring additional littering which is already unacceptable. There is a massive hole in the grounds perimeter fence where litter blows out of the ground and visitors often drop litter on surrounding pavements and shrubs due to the lack of litter bins. There is no effort by the club to litter pick and it is left to the council.
