Glossop

Derbyshire

SK136XB

Submission: Objection

Comments: Our objections to the proposed building application are still as our previous strong objections to the previous application which were :-

1.lack of privacy to houses on Turnlee Close due to proposed path at edge of site alongside Longclough Brook,which will allow a direct view into into properties and gardens.

2.Propossed access to site from Slatelands Rd/ Hollincross Lane, this will cause obvious traffic problems as the only way out of Slatelands Road is via Hollincross Lane which is already a congested residential street.

3.Health and safety issues of planned play area on the site and its close proximity to Longclough Brook.

Further to these, in the period that this application was rejected and now resubmitted there are one new and two ongoing house building projects within a mile of this proposed site,all of which will add to and worsen the ongoing traffic issues and environmental issues in this area.

Once again we are objecting strongly as we did previously to this application,
