Submission: Objection

Comments: The proposal will add unacceptable extra traffic congestion if the development goes ahead. 25 new households could add up to 25-30 more cars using the narrow surrounding streets e.g. Pikes lane etc. This will also add to the congestion on Victoria Street and the town centre.

The development is out of character with the surrounding 19th-century properties.

There will also be an unacceptable loss of open space and mature woodland trees and wildlife habitats.
