Submission: Objection

Comments: After the last application being rejected why has another one gone in, the same reasons still apply. The access in and out going onto an already over populated area for moving and parked cars. It is also on a school run route adding more chance of accident and injury to small children walking to and from school everyday. I do this route with my child an witness enough close calls due to volume of traffic, it would only be a matter of time before someone got seriously hurt or killed. Do the right thing and say no to the application AGAIN and let's have no further applications, Glossop is bursting at the seams as it is with the ridiculous amount of houses being built, enough is enough
