Submission: Support

Comments: I support this application.

Equestrian use of a ménage and track is in no way not in keeping with the local countryside.

It will also provide a safe place for riding, as more accidents and close calls are happening on the local roads.

A lot of the objections here seem to be stemming from one group of people who aren't happy that they can no longer use the land, which is unfair to the applicant's application. It definitely seems to be a witch-hunt.
