Submission: Objection

Comments: 24 dwellings and the associated cars will absolutely gridlock the area in question. You can barely drive these narrow streets as it is with the lack of parking spaces and people having to park on the street. Often refuse collections can't take place because the vehicles can't get through so it's a matter of time before a tragedy happens when emergency vehicles can't get through. And you want to add more chaos! There's a risk that Slatelands would be reopened to through traffic from Primrose Lane and Simmondley to accommodate the new housing which would be equally disastrous. Please spare a thought for the residents - I am sure no one who is in a position to grant building permission has to live here!
