Submission: Objection

Comments: The access out of Slatelands Road, onto Hollincross/Pikes Lane is extremely dangerous at any time of day, hazardous when children are moving to and from school, and during hours of darkness. Parking around the area is already contentious, there is very little available space for pedestrians or for vehicles to navigate the narrow road space. Any increase in traffic through this junction WILL result in serious injury and/or a fatality.

The area to be destroyed, should this application succeed, is an irreplaceable piece of woodland with established trees and vegetation that would never grow back.

The local authority surely has an obligation to, first of all protect the lives of its citizens, and secondly to protect the environment.

I strongly urge the Planning Committee to reject this appeal
