Further to my comments below I attach two photographs of the offending structure, which were taken from my property.

Yours sincerely

Mrs Margaret Knight.

Submission: Objection

Comments: I wish to object to the retrospective planning application. My neighbour constructed a shed and decking in his back garden. It is a gross invasion of my privacy. I like to sit out in my garden on a regular basis, particularly during the summer months. I have felt very uncomfortable doing so since he carried out his work., which was during 2021. The decking is several feet off the ground and when he and his family are sitting on it they look directly into my kitchen and back bedroom as well as the garden.
