Submission: Objection

Comments: This is the third time this application has been submitted, really the comments from the 2 previous applications should be included as this one was submitted one week after the last one was rejected. I work on Hollincross lane, trying to yup and down this road is terrible. It's very congested and has a school at the other end making it almost impassible at times. There are so many new houses being built in Glossop, it is almost unrecognisable. Yet the schools, doctors and other amenities are not being expanded. Just residential buildings with more and more traffic, coming in and out of Glossop is becoming a nightmare as there are only two roads out and both are almost always gridlocked. The detriment to the environment would be atrocious as these woods surrounding the area are full of foxes, bats, owls, newts, many other birds and wildlife too. Please continue to regent this application thank you Michelle Biesty
