Submission: Objection

Comments: The additional traffic for deliveries and customers to this planned site will create significant nuisance and congestion to a narrow road. Deliveries to residents in Taxal that involve anything more than a small vehicle with prove very difficult/impossible.

In addition, development has been ongoing slowly for the past 5+ years, including water, temporary shelters, installation of log burners etc. possibly without the required permissions, so this application is likely to be the start of yet further development.
