Submission: Objection

Comments: After hearing from other neighbors who had received direct notification of the proposed plans, we were a little surprised to not have also been contacted directly. The proposed plans would be adjacent to our home, and particularly in direct eye shot from our living room window. We are confused as to why the plans are to take place at the front of the property, as the property has a spacious back garden. From our understanding, none of the houses on Melanie close have permission to build at the front so do not understand why this rule differs for PineWood House. We are a young family and are also concerned about the potential noise pollution the proposed plans may have upon the close. We do not understand why the building needs to be at the front of the property and object to the planning application.
