Subject: FW: HPK/2023/0025 Environmental Health Consultation#

Dear Rachel,

With regards to the above application in relation to air quality, Environmental Health raises no objections.

Conditions for dust from demolition/ construction works have been recommended below and requirements for EV charging will fall under the Building Regulations.

It is however recommended that the developer ensures that there is provision for secure cycling storage within the development and residents are provided with information relating to public transport.

Kind regards,

Christopher Humphreys
Pollution Specialist Officer
Environmental Health
Staffordshire Moorlands District Council & High Peak Borough Council
