Discussion held regarding the scheme. The importance of and need for battery storage projects was recognised given the urgent national need for energy as set out in national policy and in particular the many benefits including those related to the delivery of renewable energy, climate change and the wider environment, energy security and the cost of living crisis through the role that batteries play in helping to meet the needs of communities and industry through balancing the grid, and ensuring that the local area has sufficient electricity. The sites location within the Green Belt would mean that the project would be by definition inappropriate development, and we will therefore need to demonstrate very special circumstances (VSC).

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

☐ Yes

☒ No

Ownership Certificates and Agricultural Land Declaration

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.
