Submission: Objection

Comments: We have concerns about the level of noise the new work shop will cause .It appears it will only be a few meters from our home and small garden which will cause us a great deal of distress as the current workshop at the end of Surrey St produces a great deal of noise . There are also mature trees which protect visually and lowers the current noise level from the current activity which takes place on the property .There will be an intrusion of privacy if permission is given for the workshop .The trees contain wildlife which will be lost if trees are cut down . Trees have recently been cut down and removed for a newbuilding which we were not consulted on ,the loss of wildlife is already noticeable.

We object strongly to the planning permission applied for on the grounds of

1. Noise workshop will create
2. Loss of our current privacy
3. Loss of trees and impact this will have on the wildlife .
4. Impacts the change of outlook new building will have on our property .
