Comments:

Buxton is a tourist town and economically this is important for the town and local area, especially after the multimillion pound investment in listed building of The Crescent. I feel that the change of use of this building in the town centre would be detrimental to the tourist industry local businesses rely on.

This area of the town does not have the infrastructure to support an increase of 286 people to the population. For instances local GP practice and dentists already have waiting lists and the proposed health hub has failed to secure funding to progress.

The building lies within a conservation area, I feel that the change of use to allow people to reside for more than 90 days will alter the character of the area.

I do not feel that the change of use is compliant with the Local Plan.
