Submission: Objection

Comments: I am objecting to this application on the grounds of how close the proposed site will be to residential properties and gardens. Over the last couple of years there have been instances of noise, sometimes as late as midnight and while it may only last until those campers leave, there is a fear that this will only increase. This will also spoil the view from our property, later making the property less desirable and less valuable. I appreciate local businesses would benefit and I am all for that but not at the expense of my own personal space. Especially when there is a field adjacent to the one proposed that doesn't back on to people's gardens that the temporary campsite initially started off in.
