Comments: I want to object strongly to this planning application. Buxton is a tourist town, full of history. As it is, the town needs rejuvenating to keep its culture and historic buildings to ensure it survives. This plan to allow hundreds of asylum accommodation is a terrible idea. This location is right in the centre of town and will completely change the environment. There are no upsides to this idea, and the town of Buxton will suffer as a result. There is also a serious security risk of this type of accommodation, in an area famed for tourism! As residents, this will only lead to us moving out of the area. All political parties need to get a grip of horrendous immigration numbers coming in every year. This puts a strain on public services and at a time when the cost of living crisis is already too much for people to bear. I hope the council takes the sensible decision to reject this. The future of the town centre and the surrounding area depends on it
