Submission: Objection

Comments: The proposed extension seems being very close to the boundary line of two properties, in reference to the drawings submitted, I believe the extension will block the daylight of our living room, especially in the morning hours when sunlight completely coming from that direction, it also block the view from our living room, overshadow our front garden. There is a drainage inspection well located right outside our neighbor current bedroom 3, which I believe our front drainage also go through the same well, and two propertise share the same well for maintenance of drainage system should a block occur. The proposed shower room appears right on top of the drainage inspection well.
