Dear Rebecca,

Further to previous comments, I have received details of the proposed cycle storage facilities for this application, which are considered suitable, and I would request that the following condition is included in any consent granted:

The development hereby approved shall not be brought into use until sheltered, secure and accessible bicycle parking has been provided in accordance with the details submitted by the applicant with the bicycle storage area being maintained for this purpose thereafter.

REASON: To promote sustainable travel and healthy communities

Yours sincerely,

Adrian Martin

Dear Rebecca,

I refer to the above application recently received by this authority for highway comments.

Considering the former use of the site and its location within Buxton Town Centre, there are no highway authority objections to the application; however, could the applicant please provide details of the cycle storage facilities to the rear of the site i.e. are they secured and covered and if not will they be and how?

Yours sincerely,

Adrian Martin
