Comments: Buxton is not a suitable location for asylum seekers. The town does not have a mosque for people to worship at It does not have suitable food outlets. Employment opportunities are limited. as are appropriate leisure facilities. The town is very insular and isolated in many ways from other communities. Local people are struggling with the influx of new housing already in that doctors and schools are full to capacity. It would be difficult to provide adequate services for more people. The police are worried about increased crime and possible tension as are a lot of local people who live in the town.
