Submission: Objection

Comments: I strongly object to this I insane application. This building was built to house students only

NOT as a money making business to house illegal, economic migrants of dubious criminal background.As a former Police officer, I know that the present Policing structure in Buxton CANNOT cope with an influx of this magnitude. Our streets will become no-go areas and young women and children will be at risk (prove me wrong if you can, but I doubt it). The University is only interested in the financial gain and show zero concern for the safety and future of our town. Should the application be successful, you can say a big goodbye to our tourist industry, the music festival and local businesses. Do not allow this application.
