Submission: Objection

Comments: My elderly father lives in Furness vale . I visit often and use Marsh lane and Station rd that at the moment are very dangerous to walk and drive on . The roads cannot support any more traffic - not lorries at all . This is Green Belt area should not be built on at all - let alone with a battery farm . Many of the residents including my dad were not involved in the original consultation- as Novus said his road / Calico lane was not habitated !!!! There are many homes there and are opposite the site across the goyt to Gowhill . I strongly object to this planning application
