Submission: Objection

Comments: I am very worried to hear about the plans for the Hogshaw development. Firstly, the area is an asbestos tip. They shouldn't be digging it up and endangering locals/. Secondly, the town doesn't have the necessary infrastructure to support hundreds more additional people - schools, GPs, dentists. I cannot get a dentist. Nor can my son who has an abscess. Where will all these people work? Hogshaw Tip is one of the few places, if not only place, where children and young people can play without worries about traffic. This will be ruined. It is a nature reserve. All this talk of carbon footprint ... where is that getting us. I strongly object to such a disastrous and overbearing development. Thank you.
