Submission: Support

Comments: I support this planning application as a local resident who drives past the site at least twice a day every day. There were no previous issues when the camping was here before in regards to traffic on the roads or not able to walk the dogs up past the site without issue. I would much rather have money in the local economy than more houses being built. The local roads can sustain a few campers, not hundreds of houses with most having at least 2 cars each! Not to mention the strain on local schools and doctors.
