Submission: Support

Comments: I live in the village and fully support this application. Farmers need to diversify to survive. The use by DofE award students should be encouraged. I wish I'd done DofE in my youth with hindsight. I regularly walk up past the site on my own walks and when I saw a busy campsite last year was genuinely delighted. If the farm is unable to survive the land will no doubt be sought after by construction companies. Presumably the short sighted complainants to this application would dislike that even more. I do hope common sense prevails and this application is approved.
