Submission: Support

Comments: I fully support this application having lived in the village for the past seven years, one of the reasons we moved into tintwistle apart from spending a lot of time here as a young child, its a location you don't realise it's beauty unless you spend time in this village. The community spirit is something that doesn't exist in many places in this era, I'm literally a stones through from this campsite, I've spoken to Many of the campers who visit and every single one has been very respectful and quite frankly astonished by the beautiful village we live in, it would be a travesty if this application doesn't get passed through, the local businesses community will thrive on the beautiful spring and summer days in tintwistle. We all know farmers have had it hard over the last decade or so and they deserve a break I fully support this campsite just like the farm would support anyone in this village if they needed supporting.
