Submission: Objection

Comments: I am wholeheartedly objecting to this planning application.

The area proposed is green belt and should be left as is.

This is of no benefit to local residents and only creates a threat of damage both to property and livestock should something go wrong. My own livestock is located very close to the proposed site and this makes me very concerned for their safety. The disruption to the site would be unacceptable and since Marsh Lane is clearly not designed to be a high traffic area or suitable for large vehicles, this application would only cause chaos for local residents.
