Subject: Objection to planning application

Dear Mr Stannard

I would like to object to the following planning application

HPK/2023/0193 - construction and installation of an energy storage system at Marsh Lane New Mills.

My objections are as follows

This is an inappropriate development in the green belt

The proposal do not fall within the categories of acceptable development in rural areas

A risk to local residents and environment

Inadequate road access

No evidence the proposal would specifically harness renewable energy for storage

Yours sincerely

Andrea Fowler
