Comments: Surely we need to first of all address the needs of local Buxton people and their housing needs before we use tax payers money to house those who will be incumbent on what is already a stretched benefit system. These migrant as unfortunate as their situation may be will not have the right to work, therefore, not able to contribute towards their housing and living costs within the High Peak. I am sure there are more affluent councils who can financially support the migrants and accommodate their needs going forward. I do not wish to be uncharitable just an advocate for common sense.
