Submission: Objection

Comments: Buxton is already struggling to cope with the enormous and sudden influx of new residents resulting from the excessive house building agenda approved by this Council, as well as a significantly marked increase in tourist numbers. The roads are becoming choked with cars, the pavements are unclean, there are completely inadequate toilet facilities, there are completely inadequate doctor and NHS dentist facilities: Buxton is becoming an unpleasant place to live. Bringing in yet more people to the town at this time when the new housing estates are not even completed &, as I understand it, the McCarthy & Stone flats are currently only 50% taken, is not acceptable. We are already looking at thousands more new people and cars coming to Buxton in the very near future. I would like to know why Derby University does not think it more appropriate to consider doing something with its empty premises that will be of benefit to current residents of the town that welcomed it for so many years. I would also like to know how much money Derby University stands to receive for putting its premises forward for use as an asylum dispersal centre.
