Submission: Objection

Comments: Good afternoon , I live at 114/118 Marple road which is the first house on the lane leading to the proposed new site . this lane is 3m wide at some points and has terrible access to the main road . How is it possible to use this lane as access for 25 new dwellings ? if each house has a minimum of 2 cars thats 50 cars using a 3m wide lane to access their property . Not to mention the access needed for the heavy plant and machinery needed to access the site down this 3m wide lane .I would suggest a visit just to understand the issues with this lane , it is defiantly not a two way road at any point and there are no passing point for at least 50/60 meters.
