Submission: Objection

Comments: A typical case of not in our back yard.

Find a piece of land not in our area miles away from where this needed.

Green belt in Derbyshire I think not.

The site would need huge amounts of excavation to level it up as it has great slopes in all directions.

How many tipper truck loads this would put onto a very busy narrow road is unacceptable for residents on marsh lane ,

and station road .

Plus the impact on Furness Vale school.and two schools in new mills at either end of said access points .

Totally out of the question.

Strongly object to this development even getting to planning committee

John Richardson.
