Submission: Neither

Comments: Agriculture-this is productive farm land and shouldn't be used for industry.

Environmental - the special character of the landscape would be irrevocably and irreversibly damaged contrary to policy EQ2

1. Inappropriate industrial development in the greenbelt - No 'very special circumstances' have been demonstrated.

2. The proposals do not fall within any of the categories of accepted developments in rural areas as set out in policy EQ3 of the high peak local plan.

3. Not a renewable energy project.
