Submission: Objection

Comments: I wish to object to this planning application as the proposed site is greenbelt and should be protected it will be a complete and utter eyesore to put this monstrous site in our countryside. The fire brigade have problems putting E-scooters out, if this has a thermal runaway who is equipped to contain these toxic fumes that would encase the countryside and local residents. It will also affect the biodiversity of our wildlife and the proposed energy stored will not be used for local residents.
