Submission: Objection

Comments: We strongly object to the proposed Hogshaw planning application submitted by Barratts housing for the following reasons:

The risk of serious flooding in the area will be greatly increased.

The infrastructure in the town cannot support yet another large housing estate. Local medical and dental services, emergency services and schools are all already overstretched and will struggle to provide the additional support required.

The traffic congestion and resulting air pollution on the A6 around Fairfield Road would be further increased by such a development.

The destruction of such a beautiful, essential and vital green space which provides habitats for a wide range of wildlife and a sanctuary for people's mental health is totally unacceptable.
