Submission: Objection

Comments: I am again commenting on this application, as I have been studying the Local Development Policy which has been agreed with the local Government & PDNP and the HPBC. This is a long term agreement and is drawn up to stop people from building on the green belt. The policy states quite categorically that Lower Cliff Farm is part of this area. It is classed as EQ2 SETTLED VALLEY PASTURE. This is for its intrinsic beauty and to be kept for cattle & sheep grazing and forage. NOT for Horse Livery & menage.
