Submission: Objection

Comments: I strongly object for the mentioned plans to go ahead to provide accommodation for asylum seekers. Buxton is already ever increasing with population, and there isn't even enough facilities for local residents never mind hundreds more!

More should be done to help local residents, and i think it would make much better sense to provide homes for people of all ages in this town that really need the help.

Buxtons reputation is already going downhill which is more evident to local residents who know the town very well but the effect on visitors and tourists to the area would most likely be affected in a negative way, if it hasn't already. More should be done to help the local community and this is the worst thing that could ever be considered to help improve the town.
